FOR IMMEDIATE RELEASE

Shoreline Protection Work on Pacific Coast Highway (SR-1)

Point Mugu – The California Department of Transportation (Caltrans) has quickly mobilized to repair damaged shoreline protection (rip rap or large boulders) along Pacific Coast Highway (SR-1) near Mugu Rock after high surfs undermined portions of the highway over the weekend. There was no damage to highway, but this emergency project will help to enhance the safety and integrity of the roadway.

Repair work will take place Monday, March 3 to Friday, March 7 from 7 a.m. to 3 p.m. Motorists should expect three to five minute delays, as flaggers will be in place during work hours.

Caltrans reminds motorists to ***Slow For The Cone Zone*** and ***Move Over***. It's the law.
