INFORMATIONAL NOTICE HARBOR FREEWAY (SR-110) AUXILIARY LANES PROJECT

The California Department of Transportation (Caltrans) has opened the off-ramp at Olympic Boulevard from the southbound Harbor Freeway (SR-110) on July 10, 2012. This ramp was closed as part of the Harbor Freeway (SR-110) Auxiliary Lane Project to widen and improve the roadway. It is anticipated that this project will be completed by summer of 2013.

Caltrans would like to express thanks and gratitude for your continued patience and support as we work together to improve our state transportation systems.

As a reminder, Caltrans advises motorists to “Slow For The Cone Zone.”

For additional information, please contact Peter Jones at (213) 897-0106, or via e-mail at peter.jones@dot.ca.gov
