**FOR IMMEDIATE RELEASE**

## **Landslide Repairs Finishing, Connector To Be Opened**

POMONA – The California Department of Transportation (Caltrans) expects to reopen the westbound San Bernardino Freeway (I-10) connector road to the northbound Orange Freeway (SR-57) later this week. The connector may be closed periodically at night to complete additional roadway repairs.

To repair the slope, crews terraced portions of the hillside, installed new drainage pipes to remove water from inside of the hill, and compacted the soil.

The westbound I-10 connector road to northbound SR-57 was closed at approximately 9 a.m. on Sunday, April 25 when a landslide occurred on the slope near the connector road.

Autobahn Construction of Orange, California was awarded this emergency contract valued at \$2 million.
