FOR IMMEDIATE RELEASE

Western Avenue (SR-213) Repaving Project

SAN PEDRO – The California Department of Transportation (Caltrans) will repave Western Avenue (SR-213) between 19th Street and Avenida Aprenda with rubberized asphalt (RA).

Closures:

This project will require the nightly closure of one lane of SR-213 in both directions between 25th Street and Avenida Aprenda. Beginning Monday, October 8, work will take place Mondays through Fridays, between 7 p.m. to 6 a.m. the following mornings.

RA will help extend the life of the pavement, reduce maintenance costs, and provide for a much smoother ride. All American Asphalt of Corona, Calif. is the contractor on this \$1.2 million project. This project is expected to finish by mid-November 2012.
