# South Stockton Six-Lane Widening Project

Issue 5

April, 2015

**Project Update**
**Spring 2015**

# Work begins on the Mariposa Interchange

**Mariposa Road Northbound Off-Ramp Overcrossing**

The South Stockton Six-Lane Widening Project moves forward as we begin the demolition and rebuilding of the Mariposa Road Interchange.

This will reduce congestion and improve mobility in the area. Motorists are encouraged to use the signed detours for access to both northbound and southbound State Route 99.

In addition to the reconstruction of the Mariposa Road Interchange, work will continue on the rebuilding of the Dr. Martin Luther King Jr. Boulevard overcrossing and the Golden Gate Avenue on and off-ramps.

**Remember! Drive 55 MPH in Construction Zones!**

## Project Partners

Caltrans · San Joaquin County · City of Stockton · SJCOG Measure K
