

Project Description

The California Department of Transportation (Caltrans), in cooperation with the City of Stockton and the San Joaquin Council of Governments, proposes a major improvement project consisting of freeway and interchange improvements on Interstate 5 between 0.2 mile south of Dr. Martin Luther King, Jr., Boulevard and 1.8 miles north of Eight Mile Road in northwest Stockton in San Joaquin County. The improvements would add two additional travel lanes (one in each direction) on Interstate 5 between Country Club Boulevard and Eight Mile Road, add auxiliary lanes between interchange ramps from March Lane to North Gateway Boulevard, modify two existing interchanges (Hammer Lane and Eight Mile Road) and construct two new interchanges (at Otto Drive and North Gateway Boulevard).

The additional travel lanes may operate as high-occupancy vehicle/ carpool lanes during the morning and afternoon peak periods. The project considers re-striping the existing inside lanes between Dr. Martin Luther King, Jr., Boulevard and Country Club Boulevard to be high-occupancy vehicle/ carpool lanes during peak periods, or continue as mixed-flow lanes, depending on the alternative chosen. The four interchanges included in the project would have high-occupancy vehicle bypass lanes on the on-ramps.

Tonight's Agenda

October 14, 2009

5:30 p.m. - 8:00 p.m.

Open House

6:00 p.m.

Welcome, Introductions, Housekeeping

Judith Buethe

Public Outreach Coordinator

Project Overview

Scott Guidi, Project Manager

Caltrans District 10

Keith Meyer, P.E.

8:00 p.m.

Adjourn

Comment on the Environmental Document

The project team encourages you to comment on the environmental document. Your comments and concerns will become part of the public record and be responded to in the environmental document.

Here's How to Comment

- Fill out a Comment Sheet and leave it with the Public Outreach Coordinator this evening.
- Dictate your comments to the court reporter.
- Submit your written comments at this Public Hearing
- Submit your comments until 5:00 p.m., Thursday, November 12, 2009 to Caltrans by regular mail, Attn: Gail Miller, Central Sierra Environmental Analysis Branch, 2015 E. Shields Avenue, Suite 100, Fresno, CA 93726, or via e-mail at gail_miller@dot.ca.gov.

To Learn More About the Project

Please contact Scott Guidi, Project Manager at (209) 948-7829 or send e-mail to Scott_Guidi@dot.ca.gov.

Thank you for attending.
