SR 12 Improvement Project

Project Description

Improve the operations of State Route 12 by one or more of the following proposed actions:

- Realigning Tower Parkway under the Potato Slough Bridge to connect with Glasscock Road
- Adding a westbound left turn lane at Correia Road
- Adding eastbound acceleration lanes at Tower Parkway and Guard Road and extending existing left and right turn lanes at Guard Road
- Providing a bus turnout on the proposed westbound connector road west of Glasscock Road
- Extending the existing westbound merge lane from Interstate 5 to State Route 12
- Adding Intelligent Traffic System (ITS) warning and guide signs at several locations
- Possibly increasing the existing 0.5 acre park and ride lot east of I-5 to 2 acres
