Ramp Extension

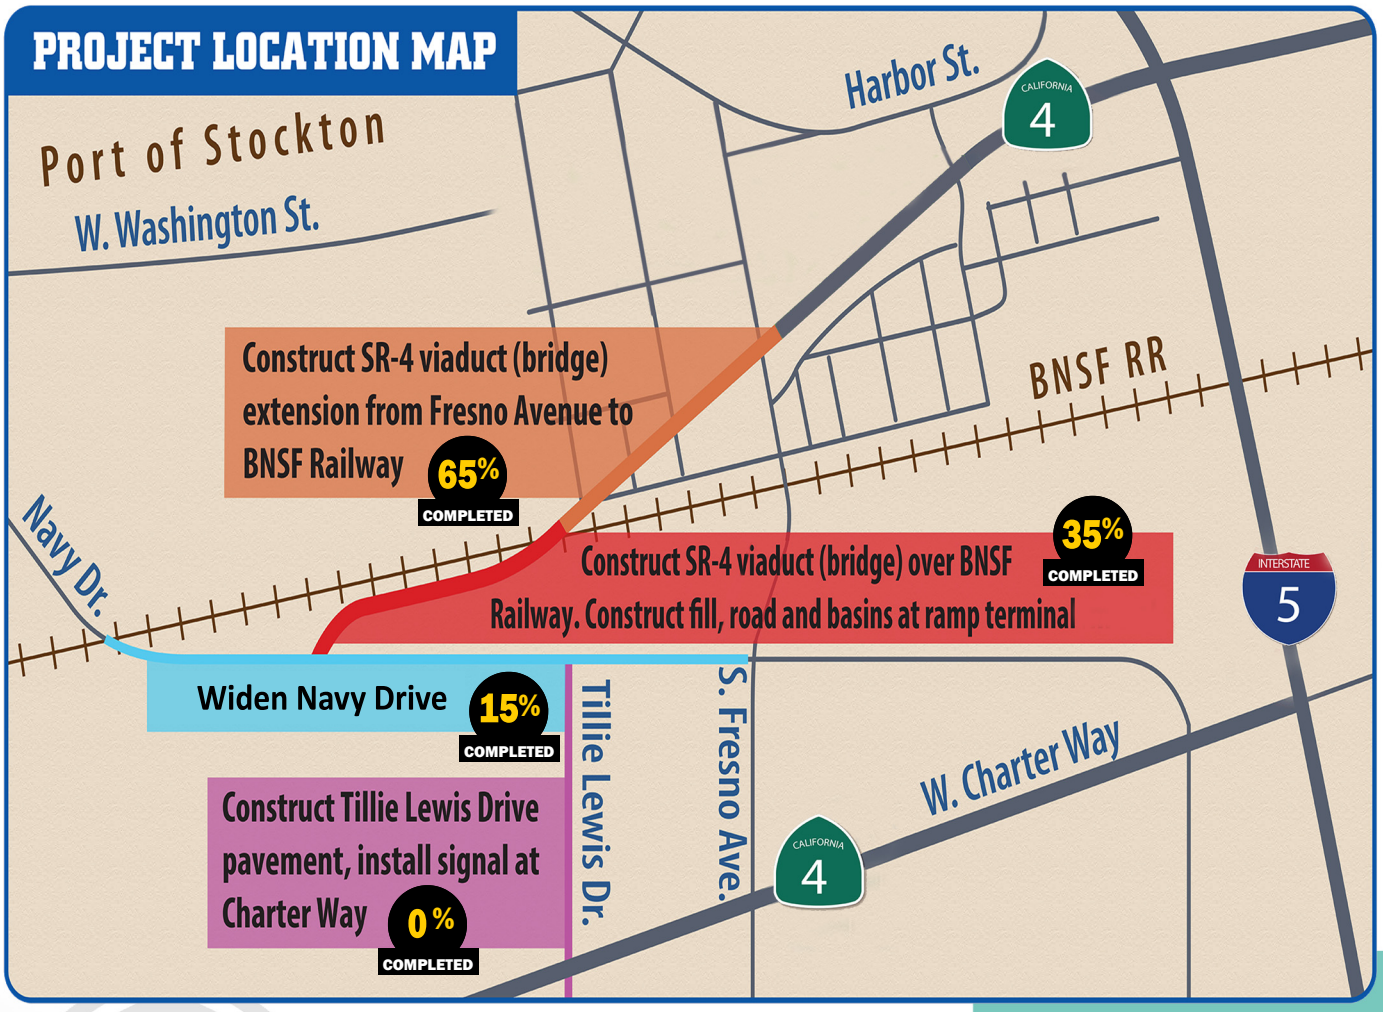
Newsletter

Work continues on the Crosstown Freeway Extension Project

Grading and paving of Navy Drive and Tillie Lewis Road is underway. Tillie Lewis drive will remain closed until November 30, 2015. Signed detours will be in place. Please use alternate routes when traveling in the area.

Soon work on the drainage systems at Navy Drive and the construction of retaining walls will begin.

Construction Staging



This project will extend the Crosstown Freeway west from Fresno Avenue to Navy Drive. The extension will be carried on twin viaduct (bridge) structures that will cross over Fresno Avenue creating a grade separation that will no longer allow highway traffic to enter the Boggs Tract neighborhood at Fresno Avenue. Navy Drive will be converted to a four-lane facility with auxiliary lanes and a partial interchange. For questions on this $140 million project **Contact Us**
