FOR IMMEDIATE RELEASE

SAN JOAQUIN/SACRAMENTO/SOLANO STATE ROUTE 12 EXTREME MAINTENANCE OPERATIONS

STOCKTON/SOLANO/SACRAMENTO – The Department of Transportation (Caltrans) would like to thank the traveling public for their cooperation and consideration during the extreme maintenance activities completed during the full closure of State Route 12 (SR-12) from Interstate 5 in San Joaquin County to SR-160 in Sacramento County.

This complete road closure allowed maintenance crews to repair segments of SR-12 in three days as opposed to the fifteen days with one-way traffic control and 90 minute delays it would have taken otherwise. On Thursday, June 9, 2011, SR-12 was opened ahead of schedule.

During this closure, crews were able to: pour over 2,000 tons of asphalt to fill over 24,000 feet of roadway that was ground out, pick up 452 bags of litter and debris, repair failing shoulders, complete bridge inspections and maintenance, replace pavement markers and striping, perform almost five miles of crack sealing, sweep the entire ten mile corridor, mow weeds and brush and repair or replace 45 signs.
