FOR IMMEDIATE RELEASE

TRAFFIC ADVISORY
LONG-TERM CLOSURE
STATE ROUTE 99 AT MARIPOSA ROAD
IN STOCKTON

STOCKTON - The California Department of Transportation (Caltrans) will close the northbound and southbound off-ramps from State Route 99 (SR-99) to Mariposa Road, as well as the eastbound and westbound overcrossing on Mariposa Road in Stockton, for highway construction.

Crews will close the off-ramps and overcrossing beginning Sunday, March 22, 2015.

Motorists should expect 10 minute delays. A signed detour will be in place. Alternate routes should be taken whenever possible.

This work is scheduled to begin as listed, but is subject to change due to traffic incidents, weather, availability of equipment and/or materials and construction related issues.

This closure is part of the SR-99 South Stockton Widening Project. The $214.5 million project will widen SR-99 from four lanes to six lanes from Arch Road to SR-4. The project will build bridges; rebuild existing interchanges and permanently close some existing interchanges. The project when completed will ease congestion, improve mobility, decrease commute times and enhance safety within and through the county. Caltrans would like to extend our appreciation to motorists and residents for their cooperation during the construction of the SR-99 improvement project.
