FOR IMMEDIATE RELEASE

TRAFFIC ADVISORY INTERSTATE 5 TRAFFIC SHIFT FROM FREMONT STREET TO CHARTER WAY IN STOCKTON

Stockton – Motorists can expect a shift in traffic lanes on southbound Interstate 5 (I-5) from Fremont Street to Charter Way for construction activities. The lane shift is scheduled to be in place for approximately six months.

The California Department of Transportation (Caltrans) will perform the lane shift on, Thursday, May 7, 2015, after 4:00 a.m.

The #1 (left) and #2 (middle-left) lanes on southbound I-5 will be detoured onto the northbound traffic lanes of the interstate. Southbound motorists must stay in the #3 (middle-right) and #4 (right) lanes for access to the Crosstown Freeway as well as the Charter Way Avenue off-ramp.

Lane shift simulation; not actual photograph.

The lane shift is part of the \$46 million I-5 Rehabilitation Project. Crews are replacing the existing roadway, which will improve pavement life and provide a smoother driving surface.

Morning commuters should be alert to changes in the road the day of the shift. Alternate routes should be taken whenever possible.

This work is scheduled to begin as listed, but is subject to change due to traffic incidents, weather, availability of equipment and/or materials, and construction related issues.
