New Choices for Your Commute

Interstate 805
HOV/Carroll Canyon Extension Project

You're Invited to Take a Walk on a DAR!

Join Caltrans and SANDAG in celebrating the opening of a new Direct Access Ramp (DAR) and new roads that will help to improve traffic in the Sorrento Valley area while providing more choices for commuters. Come walk on the freeway DAR off the new Carroll Canyon Road extension and enjoy some refreshments. The DAR provides direct access to a 10-mile carpool lane system that stretches from Carroll Canyon Road to Manchester Avenue. This nearly \$91 million project was funded through federal, state, and local programs to keep San Diego moving. The carpool lanes and DAR will open to traffic approximately one week following the grand opening event.

Wednesday, March 5th, 10 a.m.

Where:

Underneath the I-805 bridge at the extension of Carroll Canyon Road. Parking will be available on Carroll Canyon Road west of I-805.

Event Activities:

- Take a walk on the newly-constructed DAR
- Ceremonial ribbon-cutting
- Food and beverages provided by Diablo Contractors, Inc. and T.Y. Lin International Group
- Electric vehicles and vanpools will showcase the new DAR

RSVP by Friday, February 28:

To I-5@KeepSanDiegoMoving.com

We invite five guests from each company to attend. Thank you and we look forward to seeing you there.
