

Legend:

- Category 1 - Sites regulated because they generate hazardous waste or use hazardous materials (including sites with underground fuel storage tanks), but not listed as having had unauthorized releases to the environment.
- ▲ Category 2 - Sites formerly containing leaking underground storage tanks or other unauthorized releases which have undergone remediation and for which closure has been requested.
- ▽ Category 2 - Site formerly containing leaking underground storage tanks or other unauthorized releases which have been remediated to regulatory agency satisfaction.
- ▨ Category 3 - Sites with undocumented surficial debris.
- Category 4 - Unauthorized releases of hazardous substances (e.g., Leaking Underground Storage Tank site).
- Category 5 - Unauthorized hazardous waste disposal site (auto shredder waste/metals contamination).

Sites of Potential Environmental Concern

36	Howard Leight Ind.	48	Jerry Gonzales Farm
37	Honeywell, Inc.	49	Sanyo Energy
38	City of San Diego Fire Station	50	Sanyo E&E
39	Piper Ranch-Surface Release	51	Maxell
40	Piper Ranch-UST	52	Sherwood Medical
41	Otay Mesa Yard	53	GTE Mobilnet
42	Siempre Viva Farm	54	Chevron Gasoline Station
43	San Diego Gas & Electric Co.	55	Easton Composite-Michael Faraday
44	Easton Composites	56	Aleves Trucking
45	Prestige Stations	Various	Disposal of Waste to Land-Variou Deposits
46	Texaco Gasoline Station		
47	Chief Auto Parts
