FOR IMMEDIATE RELEASE

I-5 Ocean View Rehab Project
Closures Start Tuesday Evening

SAN DIEGO – Motorists are reminded that preliminary work on the Interstate 5 Ocean View Rehab Project will start this week, Tuesday-Friday, from 8 p.m.-5 a.m. in the northbound direction between Las Pulgas Road and the San Diego-Orange County line.

Three of four lanes will be closed in two-mile sections to allow for preparatory grinding of the pavement. The operation will be moved to the southbound direction along the same sections of freeway during the same times on Monday, Oct. 6-Friday, Oct. 10. The pavement will be grinded to match the anticipated elevation of the new concrete slabs, which are scheduled to start being installed later in October. Additional closures will be announced as the work progresses.

The $43 million I-5 Ocean View Rehab Project is expected to take about two years to complete, from Oceanside to the San Diego-Orange County line. Construction crews may work simultaneously between northbound and southbound lanes for the duration of the project. Motorists should expect delays during work hours and it is suggested they check Caltrans Quick Map online at quickmap.dot.ca.gov for the latest freeway traffic information before leaving home.

This Ocean View Rehab Project is not part of to the I-5 North Coast Corridor Program. For additional information contact the Caltrans Public Information Office at (619) 688-6670.
