

Construction Alert

SR-91 Eastbound Lane Addition Project

Release Date: November 18, 2009

Eastbound SR-91 Nighttime Lane Closures from SR-55 to SR-71 November 23-24, 2009

WHAT: As part of the Riverside Freeway (SR-91) Eastbound Lane Addition Project, nighttime work will take place November 23 and 24, 2009 to restripe lanes from the SR-241 interchange to the SR-71.

The restriping is necessary to reconfigure lanes through the work area and create the space for construction workers to build a new eastbound lane safely and efficiently during day and nighttime hours. SR-91 will remain open to drivers; however, some lanes will be closed during off-peak/nighttime hours to complete work. Nighttime work on this particular stretch of SR-91, between SR-241 and SR-71, will be ongoing through the end of 2010.

CLOSURES/DETOURS: 

Location	Date and Time	Suggested Detour
91 Express and SR-91 HOV Lanes from SR-55 to SR-71	Mon. 11/23 and Tues. 11/24 from 10:00 p.m. to 4:00 a.m.	Use Route 91 Mainline
Eastbound SR-91 Mainline lanes 1&2 from the SR-241/91 Interchange to SR-71	Mon. 11/23 and Tues. 11/24 from 10:00 p.m. to 4:00 a.m.	No Detour

PROJECT BENEFITS: The new SR-91 Eastbound Lane Addition Project will:

- Add a new 12-foot eastbound lane with a 12-foot shoulder to a key stretch of SR-91
- Realign the eastbound SR-91/northbound SR-71 connector to improve operations
- Widen five bridges and construct 10 new retaining walls
- Reconstruct the on- and off-ramps at Green River Road
- Environmental stewardship
