CLOSURE OF NB SR-133 MAINLINE AT I-5 FOR ROADWAY SLAB ADJUSTMENT

Irvine— The California Department of Transportation (Caltrans) will be closing the northbound SR-133 mainline at the Interstate 5, and the northbound Interstate 5 transition to the northbound SR-133 on November 14th, 15th and 16th from 8:00 p.m. to 5:00 a.m.

On November 17th from 8:00 p.m. until 5:00 a.m. there will be a full closure of either the southbound SR-133 transition connector to the northbound Interstate 5 or the southbound SR-133 mainline just past the Interstate 5 transition.

These closures are necessary to adjust and raise the approach slabs to match the existing pavement overlay and improve the roadway.

Detours will be posted well in advance and portable message signs will be in place advising motorists of the detour routes.

For more information on this project you may contact the District 12 Public Information Office at (949) 724-2000 or log on to the Caltrans website at www.dot.ca.gov/dist12.

**SLOW FOR THE
CONE ZONE**

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or tow trucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.
