FOR IMMEDIATE RELEASE

Demolition of Peninsula Bridge Sidewalk

San Mateo - The California Department of Transportation (Caltrans) has announced that the U.S. 101 Auxiliary Lanes Project will begin demolition of the south sidewalk of the Peninsula Avenue overcrossing. The demolition will take place beginning the week of Monday, September 17, 2007 from 6:00am to 6:00 pm and continue with the same hours on Monday, September 24, 2007 through Friday, September 28, 2007. The north sidewalk was completed earlier this month.

The construction work will consist of saw cutting, demolition, removal of debris, and grinding. Residents near the work area should expect loud banging noises, and saw cutting activities.

The Peninsula overcrossing will remain open during construction.

Due to weather conditions construction activities are subject to change.

Thank you for your patience.
