

**CALTRANS UPCOMING PROJECT  
SCL 152 ROADWAY REALIGNMENT AND SIGNALIZATION PROJECT**

The California Department of Transportation (Caltrans) will start a project in early July on State Route 152 near Gilroy from 0.2 miles east of Furlong Avenue to 0.2 miles west of Canada Road. This project will improve safety by realigning State Route 152 and installing signals at the intersection of Ferguson Road and State Route 152 to regulate traffic movements. This project is expected to be completed in December of 2012.

Most construction activities will occur during the day time hours between 7:00 AM and 3:30 PM on weekdays (Monday through Friday). However, some construction activities will take place during the night time hours between 9:00 PM and 5:00 AM on weekdays. There may also be some weekend work.

During construction, either direction of Route 152 and/or Ferguson Road may be closed. Traffic will be directed through the construction zone by flaggers or detoured onto local roads. Motorists may experience some delays.

Please slow for the Cone Zone and drive safely.
