FOR IMMEDIATE RELEASE

State Route 238/Mission Blvd. Roadway Rehabilitation Project Weekend Closures Begin Friday, May 20

FREMONT/UNION CITY –Work continues for the State Route 238/Mission Blvd. Roadway Rehabilitation Project between Interstate 680 in Fremont and Blanche Street in Hayward. All construction activities are weather dependent.

On the weekend beginning Friday, May 20 the Caltrans contractor plans to work at the railroad undercrossing between Stevenson Boulevard and Las Palmas Avenue. From 8 p.m. Friday, May 20, until 6 a.m. Monday, May 23, two lanes will be closed on the northbound side of SR 238. Two-way traffic will be in place on the southbound side. Between Stevenson Boulevard and Las Palmas Avenue, one lane will remain open for southbound SR 238. Northbound traffic will be reduced to one lane and detoured to the southbound (west) side of the highway. This closure is necessary due to the limited space and to allow crews a safe area to work. Motorists should expect delays of 15 to 20 minutes during this closure.

Detour: to avoid this construction, follow Walnut Avenue. to Paseo Padre Parkway, to Driscoll Road, and back to Mission Blvd., or the opposite direction, depending on direction of travel.

A second closure is planned but has not yet been scheduled for the two southbound lanes between Stevenson Boulevard and Las Palmas Avenue. For this work, two-way traffic will be in place on the northbound side of the highway.

Additional Work

- Grinding and paving activities are planned to begin on Tuesday, May 24. Crews will start at Stevenson Boulevard, continue northbound to Tamarack Drive, then southbound to Stevenson Boulevard. The contractor will begin with the right lane, then the left lane, and finish by paving the shoulder. One lane will be closed Monday through Friday, from 9 a.m. to 4 p.m.
- Caltrans will switch to the new traffic signals at Nursery Avenue on Wednesday, May 25, weather permitting. During the switch, there will be stop signs at the

TRAFFIC ADVISORY

intersection of Nursery Avenue and Mission Boulevard. Motorists should expect delays during this work.

- Crews will be working throughout the project at other locations, including between Blanche Street in Hayward and Tamarack Drive in Union City. Please be alert for lane closures and construction workers.

For more information about the project, please go to www.dot.ca.gov/dist4/238mission/, and please remember to “Slow for the Cone Zone.”
