**FOR IMMEDIATE RELEASE**

## **Caltrans to Open New 580/101 Connector Ramp**

**San Rafael** – Caltrans will open the new connector ramp from westbound Interstate 580 to northbound U.S. Route 101 tomorrow afternoon.

Construction crews will begin applying temporary lane delineators tomorrow morning, and should finish by mid-afternoon. Once they finish, the new lanes will be opened to traffic. Permanent striping will be applied sometime next week.

The new ramp will have two lanes, as opposed to the single lane on the old structure, and two wide shoulders. The new ramp will ease congestion at what has been a chronic bottleneck.
