# TRAFFIC ADVISORY

The Interstate 80 Eastbound HOV Lane Project extends the carpool lane from State Route 4 to the Carquinez Bridge. It was opened to traffic on May 24, 2011. However, there are still some additional construction activities on ramps in the project area.

Please drive cautiously through the construction zone and leave a safe traveling distance between your vehicle and the vehicle ahead of you. Caltrans appreciates your patience as we work to improve the highways. Please remember to “Slow for the Cone Zone.”
