**FOR IMMEDIATE RELEASE**

## TRAFFIC ADVISORY

**Fremont** – Beginning Friday, December 23, 2005 the northbound I-880 off-ramp to Gateway Boulevard will be closed permanently to allow for the construction of the new Warren Avenue Interchange and I-880/Route 262 connection. This permanent closure is necessary to facilitate the construction in a safe and timely manner. Traffic will be detoured to the Fremont Boulevard Interchange, onto Fremont Boulevard and to Gateway Boulevard. After the new interchange is built and opened to traffic in 2008, a northbound I-880 ramp to Warren Avenue will be opened to access Gateway Boulevard.

It is expected that traffic volumes at the Fremont Boulevard Interchange will increase significantly and local traffic is encouraged to devise alternate routes. For more information, contact Brigetta Smith at (510) 286-5820.
