

**SCL 880 AC RESURFACING PROJECT  
FACTSHEET – May 2011**

**Project Objective:**

This project enhances safety along State Route 880 from Old Bayshore Highway Overcrossing to Route 280/880 Separation near the City of San Jose, in Santa Clara County. The major scope of work consists of resurfacing the existing pavement.

**Need and Benefits:**

Resurfacing pavement will improve the surface condition and potentially eliminate the formation of concentrated storm runoff areas during wet weather conditions. Upon completion, this project will provide a more adequate facility for motorists.

**Project Status:**

The Design of the project was completed in October 2010. The project is funded by SHOPP and it was awarded and approved in January 2011.

**Project Costs:**

The Engineer's estimate for construction costs is: \$ 8,539,650

**Project Schedule:**

The project is expected to start in June 2011 and is scheduled to be completed by Fall 2011.

**Summary:**

Upon completion, this project will help to improve the road surface for the motorist in this segment of Route 880 in San Jose, Santa Clara County.
