One Way Traffic Control on Highway 1 North of Devil's Slide

One way traffic control will be in effect for about three weeks on Highway 1 just north of Devil's Slide. Crews will repair an underground 12 kilo volt cable damaged when the road subsided in April. Work is being carried out along the north bound lane of the highway for about 600 feet in the area overlooking Shamrock Ranch.

Starting 12/11/06, one way traffic control will be in effect Monday to Friday from 9:00 a.m. to 3:00 p.m. until the end of December. The actual duration is subject to weather conditions.

Motorists are advised to plan accordingly and use extra caution in the work area.

Thank you.
