Aesthetics Committee Views Progress at Devil's Slide

Members of the Devil's Slide Tunnels Aesthetics Committee toured the project site today, January 8. There was much to see, particularly at the bridge construction site.

Project Manager, Skip Sowko, hosted the tour which included visits to the wetlands mitigation site, south portal area and bridge site at Shamrock Ranch.

The final contract for the project was finalized January 3. The lowest bid was by Kiewit Pacific, a large construction company with operations throughout the US and Canada. In addition to the twin tunnels, construction of an Operations and Maintenance Center is included in the \$272 M contract. For more on the winning bidder visit: www.kiewit.com/

At the bridge site left to right: April Vargas, Supervisor Richard Gordon, Pacifica Councilmember Julie Lancelle, Chuck Kozak, Lennie Roberts, Zoe Kersteen-Tucker, Marilyn Wacks, Matt Jacobs.
