FOR IMMEDIATE RELEASE

Eastbound I-580 Closures in Livermore for Falsework Erection October 17 - 29

Livermore – Caltrans has scheduled closures for Eastbound Interstate 580 to erect falsework for the future Interstate 580/State Route 84 Interchange at Isabel Ave, from Sunday morning, October 17, to Friday morning, October 29. There will also be various lane closures prior to the full freeway closures. Falsework is a temporary structure that will support the components of the bridge during construction.

Falsework erection for eastbound I-580 is scheduled beginning Sunday morning, October 17, and continuing through Friday, October 29, from 1 a.m. to 4 a.m. During this work, eastbound I-580 will be closed at Airway Blvd. **Detour:** eastbound I-580 traffic will exit at Airway Blvd and continue on local streets to East Airway Blvd, Portola Avenue, and North Livermore Avenue, and return to Eastbound I-580.

Once falsework is erected for Eastbound I-580, there will be additional closures to erect falsework for Westbound I-580. This work is tentatively scheduled for mid to late November 2010.

The most recent information about closures for this project may be found at www.dot.ca.gov/dist4/releases.htm

Please remember to Slow for the Cone Zone.
