FOR IMMEDIATE RELEASE

ADA Compliance Project

Santa Clara County - The California Department of Transportation (Caltrans) will begin a project on May 5, 2014 to construct new ADA (American with Disabilities Act) compliant curb ramps in 20 locations in Santa Clara County. The construction will include new sidewalk curb ramps at various intersections along state highways. Replacement of existing curbs and construction of new curbs are necessary to comply with ADA standards to ensure wheelchair accessibility.

Work is being primarily conducted Monday through Friday from 7 a.m. to 3:30 p.m. however, some night work is possible. Most sidewalk demo and removal work will be performed with shoulder closures behind protective barriers with no impact to traffic. There will be some lane closures for median Island or sidewalk construction.

Traffic and pedestrian construction signs are in place to direct the public around the project area. Please use caution when traveling or walking through the construction area. Construction noise will be inevitable; however, it will be kept within approved construction decibel levels. The project is expected to be completed by June 30, 2014.

The project locations are as follows:

1. San Francisco State Route 35 (El Mirasol Place)
2. Los Gatos State Route 9 (Village Lane)
