FOR IMMEDIATE RELEASE

Westbound Interstate 80 Onramp at Alamo Drive in Vacaville Two-Day Onramp Closure Starts Tues, Dec 10th

SOLANO COUNTY – The California Department of Transportation (Caltrans) will pave the westbound Interstate 80 onramp from Alamo Drive in Vacaville starting Tuesday, December 10th until Wednesday, December 11th.

The work is part of the Interstate 80 (I-80) Solano Ramp Metering Project on eastbound and westbound I-80 between Vallejo and Vacaville. The work at Alamo Drive and westbound I-80 will complete the widening of that onramp from one to two lanes.

To ensure worker and public safety, the following detours will be in effect on Tuesday, December 10th and Wednesday, December 11th starting at 9:30 a.m. until 2:30 p.m. each day. All work is weather permitting. Motorists should allow for extra travel time. Detour signs will be posted:

Westbound I-80 Onramp Detour from southbound Alamo Drive:

Motorists entering westbound I-80 from southbound Alamo Drive will be directed to continue southbound on Alamo, then enter eastbound I-80 from Alamo, and exit northbound Davis Street, then re-enter westbound I-80 from northbound Davis Street.

Westbound I-80 Onramp Detour from northbound Alamo Drive:

Motorists entering westbound I-80 from northbound Alamo Drive will be directed to head northbound on Merchant Street, then eastbound on Mason, then southbound on Davis Street, then westbound on Hickory Lane, then enter westbound I-80 from Hickory.

Westbound I-80 Onramp Detour from southbound Merchant St:

Motorists entering westbound I-80 from southbound Merchant Street will be directed to turn left to southbound on Alamo Drive., then enter eastbound I-80 from Alamo, and exit northbound Davis Street, then re-enter westbound I-80 from northbound Davis Street.

COMMUTER ADVISORY

I-80 Solano Ramp Metering Project

Since April, crews have widened ramps, installed ramp meters, and installed closed circuit TV cameras at approximately 60 sites along 25-miles of I-80 from Vallejo to Vacaville. The \$12.8 million project is scheduled to be completed in spring 2014. Caltrans and several agencies including the Solano Transportation Agency (STA) are still determining when to activate ramp meters in Solano County.

Caltrans appreciates your patience as we work to improve our highways.
