Construction Notification #42 *Nighttime Closure of San Leandro Street at the BART Coliseum/Oakland Airport Station*

December 2013

As part of the Oakland Airport Connector (OAC) project, crews will be erecting a pedestrian bridge to connect the existing BART Coliseum/Oakland Airport Station to the newly-constructed transition building. The two buildings are positioned on opposite sides of San Leandro Street, and will require an overnight closure of San Leandro Street between 69th and 75th avenues, in order to put the bridge in place.

San Leandro Street will be closed in both directions between 69th Avenue and 75th Avenue on Saturday, December 7, at approximately 8 pm, and will remain closed until 10 am Sunday, December 8. An alternate date in case of weather or other delays is the following Saturday, December 14.

Noise, dust and vibration levels will be monitored and all efforts will be taken to minimize these and other disruptions to the community. Stormwater pollution prevention plans are also in place to mitigate the project's environmental impacts. Please watch for detour signs and other notices regarding future construction activities and safety information.

We appreciate your patience and cooperation during this work.
