**FOR IMMEDIATE RELEASE**

## **Highway 12-Jameson Canyon Paving Work In Solano Starts Tuesday, January 7th Expect Travel Delays**

**NAPA and SOLANO COUNTIES** – The California Department of Transportation (Caltrans) will implement ongoing paving work as part of the Highway 12 Jameson Canyon widening project in Napa and Solano Counties.

This latest stage of work in Solano County will require paving on eastbound and westbound Highway 12 between the Solano/Napa county line and Red Top Road on Tuesday, January 7<sup>th</sup> and Wednesday, January 8<sup>th</sup>. The work is scheduled to start at 9 a.m. and be completed by 3 p.m. each day.

Caltrans is planning to keep traffic lanes in both eastbound and westbound directions open during the work. However, the scope of construction may cause some motorists to travel at slower speeds. Motorists should expect delays and allow for extra travel times. All work is weather permitting.

Flaggers will help direct motorists. Caltrans will also install changeable message signs.

### **Highway 12-Jameson Canyon Alternative Route**

To avoid delays, motorists may consider using Highway 37 as an alternative route. Eastbound Highway 12 motorists are advised to use southbound Highway 29 to eastbound Highway 37 to eastbound Interstate 80. Westbound Highway 12 motorists should use westbound Interstate 80 to westbound Highway 37 to northbound Highway 29.
