FOR IMMEDIATE RELEASE

Overnight Lane Closures for Corte Madera Creek Bridge

Corte Madera— The California Department of Transportation (Caltrans) will close various lanes on the Corte Madera Creek Bridge on northbound U.S. Route 101 in Marin County tonight and Saturday night, September 8, between the hours of 7 p.m. and 11:00 a.m. Additional closures may be required on Sunday night, September 9, between the hours of 7:00 p.m. and 6:00 a.m.

The lane closures will enable crews to apply a polyester concrete overlay to the bridge deck. Polyester concrete is a durable substance that helps extend the service life of bridges and overpasses.

Drivers are advised to expect some delays, and to allow for extra travel time. Please remember to “Slow for the Cone Zone.”
