

# TRAFFIC ADVISORY

**Date:** May 5, 2006  
**District:** District 4, Oakland  
**Contact:** Michelle Squyer (510)286-6115

## FOR IMMEDIATE RELEASE

### **Full Closure on Highway 116/Lakeville at Highway 101SB**

**Petaluma:** Caltrans will implement full closures on Highway 116 (Lakeville Highway) from Monday May 8, 2006 through Friday May 19, 2006, from 8:00 p.m. to 5:00 a.m. to remove the existing bridge.

#### **Detours:**

##### **Southbound 101 traffic to Lakeville/116**

Traffic needs to stay on Southbound 101 to Petaluma Blvd. South Exit, loop around and get back on Northbound 101 and take the Highway 116 exit.

##### **Westbound Lakeville traffic to Southbound 101**

Traffic needs to take the on-ramp to Northbound 101, take the Washington Exit, loop around and get back on Southbound 101.

##### **Eastbound Lakeville traffic to SB101**

Traffic needs to take the on-ramp to Northbound 101, take the Washington Exit, loop around and get back on SB 101.

The closure is part of a project to improve the southbound on-ramp to Highway 101 from Highway 116 (Lakeville Highway).

When the project is completed, the new bridge will have three 12 foot lanes with 10 foot shoulders. The third lane will be an auxiliary lane dedicated to the Southbound 101 on-ramp from Lakeville Highway. This will give motorists their own lane for acceleration prior to merging, as they approach the Petaluma River Bridge.
