FOR IMMEDIATE RELEASE

## UPDATE FOR PAVING WORK ON STATE ROUTE 25 AND STATE ROUTE 156

**Santa Clara County** - The California Department of Transportation (Caltrans) is currently grinding and paving the roadways on State Route 25 from San Benito County line to U.S. 101 separation and State Route 156 from San Benito County line to State Route 152. The existing roadway surfaces on both locations will be ground out and replaced with a new layer of hot asphalt mix. In addition, a rumble strip will be installed on the center line in all locations within the limits of this project and dikes will be built on the shoulders to improve water drainage. The work for State Route 25 is scheduled from 8:00 p.m. to 5 a.m. Monday through Friday and Sunday from 7:00 p.m. to Monday 5:00 a.m. The work for State Route 156 is scheduled from 6:00 p.m. to 11:00 a.m. Monday through Friday and Sunday from 9:00 p.m. to Monday 11:00 a.m. Work should be completed in late October, weather permitting.

During grinding and paving operations, motorists should expect one-way traffic control directed by flaggers and pilot cars. Message signs will also be installed to assist motorists driving through the construction zones. Vehicles may be stopped on the highway during one-way traffic control while waiting for their turn to proceed through the construction zone. Motorists are asked to drive with caution and watch for construction vehicles merging into the lanes of traffic.

**Closure:** Westbound State Route 25 connector to northbound U.S 101 will be closed.

**Detour:** Take westbound State Route 25 over the bridge and back to southbound U.S. 101 for three miles to Y road off-ramp to U.S. 101 northbound.

**Closure:** Northbound U.S. 101 connector to eastbound State Route 25 will be closed.

**Detour:** Take northbound U.S. 101 off-ramp to westbound Monterey Road to southbound U.S. 101 on-ramp to eastbound State Route 25 off-ramp.
