## STORM ROAD INFORMATION BULLETIN

*\* 2 p.m. \**

**Oakland** - Heavy storms have impacted Bay Area freeways, highways and bridges. Heavy rains and high winds are making travel across bridges treacherous for high-profile vehicles. Localized flooding and mudslides can occur anytime blocking ramps, lanes and shoulders.

Caltrans crews are in the field clearing drains and debris and posting warning signs where possible, but conditions can change rapidly. Motorists are strongly cautioned to delay trips when possible and drive very carefully if they are on the road as crews may not have reached a particular area yet.

**Statewide road information is available at 1-800-427-7623.**

Current road conditions for the Bay Area are:
