

TRAFFIC ADVISORY

Date: July 18, 2007
District: District 4, Oakland
Contact: Michelle Squyer (510)286-6115

FOR IMMEDIATE RELEASE

Highway 1 Traffic Control One Mile North of Fort Ross for Slide Repair

Fort Ross- Caltrans will activate signalized one way traffic control one mile north of Fort Ross at Shotgun Point beginning at 7:00pm Thursday, July 19 and remaining in effect through the end of 2007. Delays should be about five minutes, but during heavy traffic, there could be fifteen-minute delays.

Caltrans is instituting one-way traffic control because lanes have been narrowed to accommodate equipment working both above and below the roadway. Crews will complete slide repair and install a soil nail wall.

Caltrans awarded North Bay Construction the contract for the Sonoma Coast work.
