## CALTRANS PROJECT ON SR-82 (EL CAMINO-REAL) AND CLARK AVE

**ACTION:** To Install New Signals And Upgrade Wheelchair Ramps

On February 13, 2013 Caltrans will begin work to install new signals and upgrade wheelchair ramps in Santa Clara County, in the City of Mountain View at the intersection of Clark Avenue and El-Camino Real. Caltrans will construct ADA (American Disabilities Act) compliant wheel chair ramps, extend the raised concrete median island, overlay the pavement with asphalt concrete and re-stripe the area.

Construction will be conducted during the evening hours Monday through Friday; however, some daytime and weekend work is possible. There will be no daytime closures and at least one lane will remain open during nighttime construction. Construction noise will be inevitable; however, it will always be kept to approved levels.

The project will be completed in late summer.
