WHAT'S BEING PLANNED

The California Department of Transportation (Caltrans), in cooperation with the Alameda County Congestion Management Agency (ACCMA), the City of Oakland, and the City of Alameda, is proposing to replace the 29th Avenue and the two 23rd Avenue overcrossings, and construct improvements to the northbound I-880/29th Avenue and the northbound I-880/23rd Avenue interchanges.

The purpose of the project is to increase the flow of vehicles, reduce the rate of congestion-related accidents and improve the mobility/safety through the I-880 corridor.

For more information call Arul Edwin with ACCMA at (510) 350-2343.

WHERE YOU COME IN

If you would like to submit written comments on the environmental document, please do so no later than 5:00 p.m. on January 25, 2010. Caltrans will respond to comments received and proceed with the design of the proposed project.

An informational meeting will be held on January 21, 2010 to give you an update on the project and allow you to comment on the design features of the project. Topics include soundwall options and other design elements.

Meeting Time & Location:
January 21, 2010
6:00 p.m. to 8:00 p.m.
Lazear Elementary School
824 29th Street
Oakland, CA 94601

Please submit comments to:

Ed Pang, Senior Environmental Planner, Caltrans Office of Environmental Analysis
P.O. Box 23660,
Oakland, CA 94623

Comments must be submitted by 5:00 p.m. January 25, 2010.

Individuals who require special accommodations (American Sign Language interpreter, accessible seating, documentation in alternative formats etc.) must contact ACCMA at (510) 350-2343 at least 5 days prior to the scheduled informational meeting.
Pursuant to the California Environmental Quality Act (CEQA) and National Environmental Policy Act (NEPA), Caltrans has studied the effects this project may have on the environment. Findings show the project would not significantly affect the quality of the environment.

The report that explains this is called an Initial Study/Environmental Assessment (IS/EA). This notice is to inform the public that the IS/EA is available for review and comment.
