

Daily Update

April 15 -16

Geological Work

Devil's Slide (post mile 39.14)

- Due to the continued danger posed by rock falls work was not scheduled.

Slide at Post Mile 39.77

- Repair design for the slide is underway

Slide at Post Mile 40

- Repair work will start Tuesday 4/18/06. Rocks from recent falls and the scaling work above the road at Devil's Slide will be utilized as much as possible in the repair.

Traffic Operations

- Entering from the southern end, hikers will now see signs indicating which trails at McNee State Park are open and which are closed. Trails that lead to Devil's Slide are closed.
- The CHP was on duty at the southern and northern closure point to assist and advise the public.
- Additional signs were posted the north and south end of the closure advising that pedestrians and bicyclists are not allowed beyond the security gates.
- Additional detour signs were received to replace the changeable message signs. The permanent signs are a more effective way of displaying detour information.
