

Daily Update

April 29 and 30

Geological Work

Devil's Slide (post mile 39.14)

- The second inclinometer was installed over the weekend. Drilling continued to install the third inclinometer.

Repair Work

Slide at Post Mile 40

- On Saturday work continued to rebuild the hillside below the road. It has been rebuilt to a level approximately 8 feet below the road grade.

Traffic Issues

- As requested, additional detour signs are being fabricated for the Pacifica and Half Moon Bay areas.
