The California Department of Transportation (Caltrans) announces maintenance crews will conduct damaged guardrail repair operations this Saturday 7:00 a.m. until noon in order to minimize traffic impacts to motorists during the work week.

Maintenance operations will require the closure connector ramps in order to safely implement repairs at various locations within the project limits. **The following connectors will be closed due to guardrail repair operations during the scheduled time frame:**

Caltrans would like to thank the local residents, businesses and commuters for their patience during these closures and reminds you to drive with extra care. Please watch for highway workers, adhere to posted signage, merge when directed and please *Be Work Zone Alert!*
