FOR IMMEDIATE RELEASE

NIGHT CLOSURES FOR STATE ROUTE 99 SCHEDULED FOR NEXT WEEK

The California Department of Transportation (Caltrans) in cooperation with Papich Construction, Inc. announces nightly lane closures of southbound State Route 99 in Goshen, within Tulare County. These closures are part of the current State Route 99 Tulare to Goshen-North Segment Widening Project and are necessary for new highway construction.

Night-time lane closures will be as follows:

Southbound State Route 99 between State Route 198 interchange and Betty Drive in Goshen will be reduce to one lane with alternating lane changes beginning Sunday night, September 7th through Friday morning, September 12th, 2014 between 7:00 p.m. to 6:00 a.m. each night for bridge construction. These closures may include various on and off ramps between State Route 198 and Betty Drive at various times to allow crews to work within the project area.

Closures may continue for longer periods of time each night if necessary, due to delays caused by uncontrollable events that may occur during construction. Motorists may experience delays and are encouraged to take alternate routes whenever possible.

For updates and information regarding lane closures, commuter alerts and construction schedules during the length of this construction project, visit the Caltrans District 6 website, at www.dot.ca.gov/dist6 and click on the Tulare to Goshen logo.
