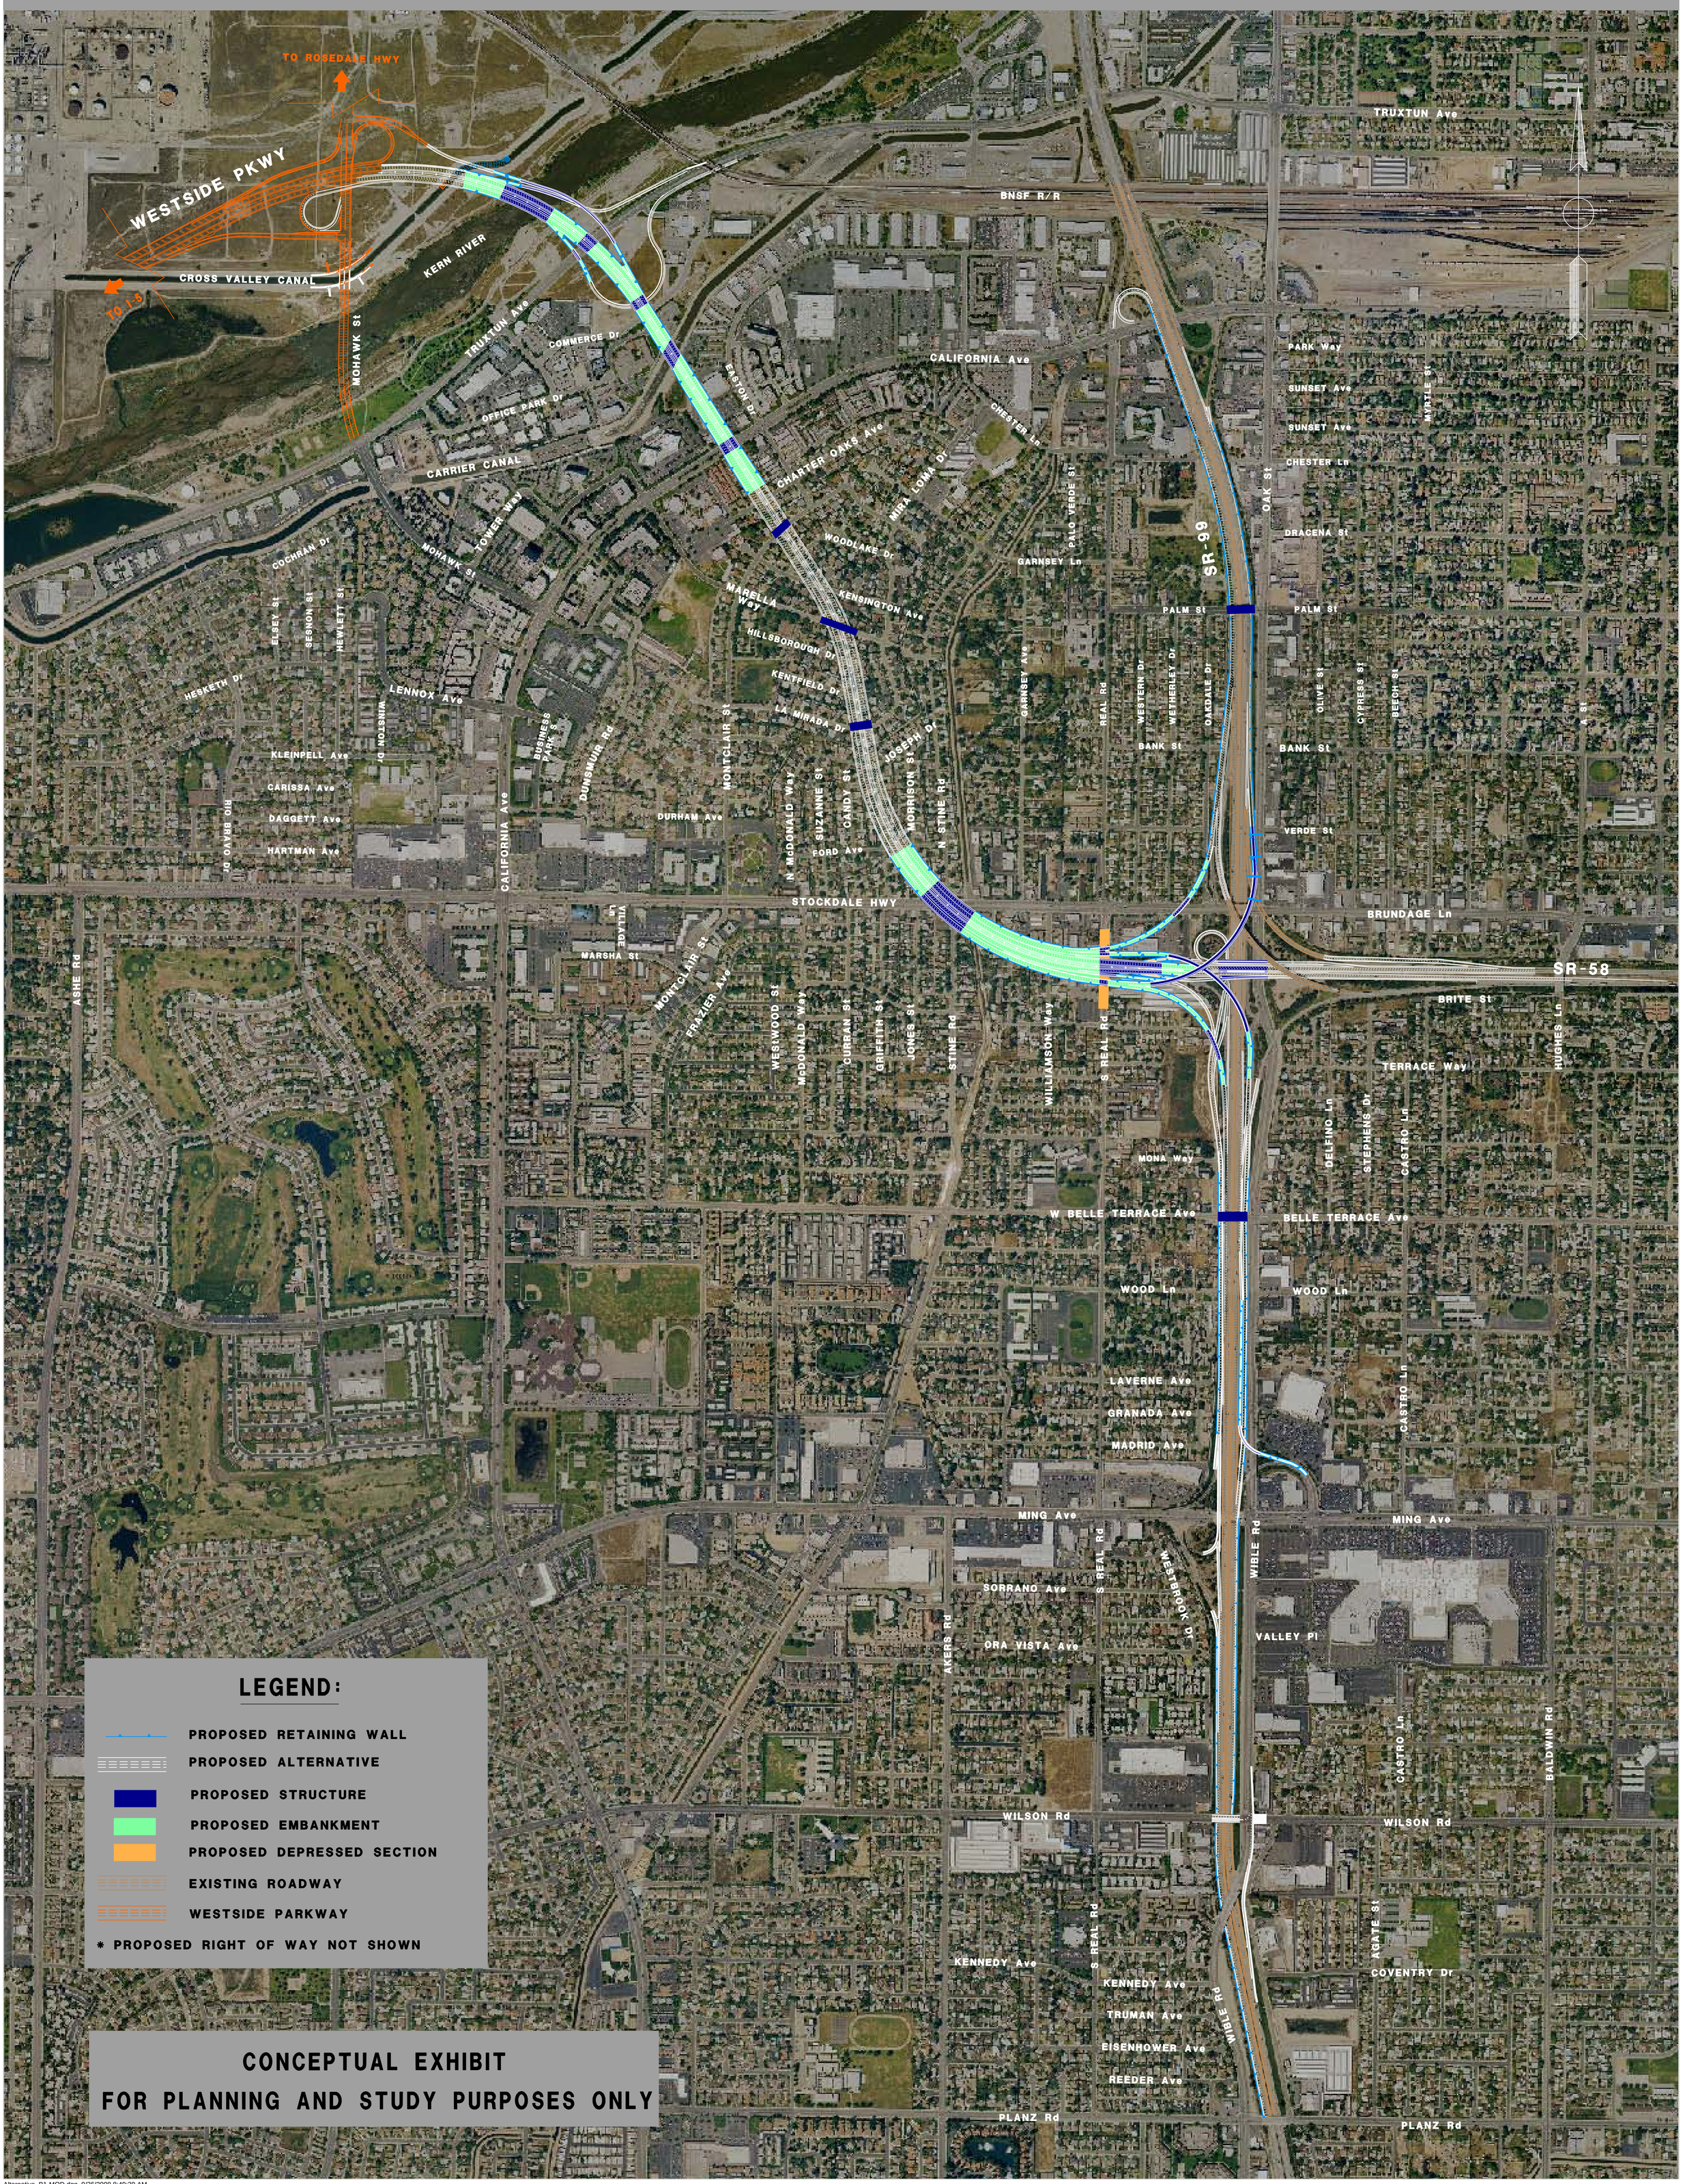
ALTERNATIVE B

Alternative B proposes to construct a new freeway west of the State Route 58/99 interchange. The alignment would travel in a westerly direction for approximately one-half mile on the south side of Stockdale Highway, at which point it would turn to the northwest, span the Carrier Canal, Truxtun Avenue, and the Kern River. Alternative B would connect to the Westside Parkway at the Mohawk Street interchange.



LEGEND:

- PROPOSED RETAINING WALL
- PROPOSED ALTERNATIVE
- PROPOSED STRUCTURE
- PROPOSED EMBANKMENT
- PROPOSED DEPRESSED SECTION
- EXISTING ROADWAY
- WESTSIDE PARKWAY

* PROPOSED RIGHT OF WAY NOT SHOWN
