

Project Information

Route 395 Expressway

San Bernardino County

□ PROJECT DESCRIPTION

Located on US Route 395 in Victorville from Desert Flower Road to Road in San Bernardino County. The project will reconstruct the existing Route 395 to a four-lane expressway facility. It will also provide at-grade intersections for existing street crossings.

□ NEED FOR PROJECT

- Route 395 is an interregional route with increasing demand for goods movement, commuting and recreational travelers
- Increased truck traffic
- Minimal access points
- Provide continuous passing
- Improve operational efficiency
- Improve safety
- Improve travel time

□ PROJECT SCHEDULE (*Tentative*)

- PA&ED Studies – Summer 2017
- Design – TBD
- Begin Construction – TBD
- End Construction – TBD

□ PROJECT APPROVAL & ENVIRONMENTAL DOCUMENT (PA & ED) Alternatives

- #1 – No build
- #2 – Widen the route on the existing alignment and realign to the east at the Route 58 crossing
- #3 – Realign the route east of the existing alignment and realign to the east at the Route 58 crossing

□ TRAFFIC MANAGEMENT

- Lane closures
- Flagging
- Full route closures
- Cozeep (CHP monitoring) when necessary
