Subject: RE: Information on SR-710 Corridor property sales

Hello All,

Hope this message finds you well! I know its Friday, so I will be brief. I attended the 710 corridor meetings last week and com to you with some feedback. I am reaching out on behalf of a constituent and some concerns, please see below:

- Constituents form El Sereno are hoping to be granted an extension for public comment period. They are requesting 120 days from May 24th
- Constituents, including Higo Garcia has spoken with Jennifer Laurin- who indicated that Caltrans can extend this period for as long as they like- this is what the expressed Jenifer said to them.
- El Sereno constituents expressed that when South Pasadena requested an extension on 5/8, they were granted the extension on 5/9 and received prompt response. As opposed to El Sereno constituents whom feel treated differently.
- El Sereno constituents express that they have submitted responses but are not finished with their comments they would like to submit. They feel the time they have been allotted is not sufficient to buy homes. (The 60 day period)

I am relaying the following concerns, as mentioned above, in hopes that Caltrans can help ease some of the frustration and concern. What do you advise on how we can go forward. Thank you all for your time and commitment to this matter. Hope you have a great weekend!

Best,
Sarah Rascon
