**Subject:** Comment re: Surplus Property Sales

Dear Mr. Green -

Thank you for the opportunity to provide input regarding the Affordable Sales Program.

I have been a tenant in good standing of a Phase 1A Caltrans-managed property in South Pasadena since January 2004 and am very interested in the opportunity to purchase this home for my small family. Although I am a single mother (my daughter Alexa is now 15) my annual income exceeds 150 percent of area median income. In reviewing the prioritization of Conditional Offer Prior to Sale, I am concerned that I will be excluded from this opportunity. Thus, I respectfully request revisions to:

- Prioritize present tenants before housing-related public and private entities
- Discount fair market value based on total rent contribution

Sincerely,

Michelle Weetman
