MASTER AGREEMENTS (MAs):

Does the Implementing Agency currently have a MA with Caltrans?

Yes No

Implementing Agency's State Caltrans MA number

* Implementing Agencies that do not currently have a MA with Caltrans, must be able to meet the requirements and enter into an MA with Caltrans prior to funds allocation. The MA approval process can take 6 to 12 months to complete and there is no guarantee the agency will meet the requirements necessary for the State to enter into a MA with the agency. Delays could also result in a failure to meeting the CTC Allocation timeline requirements and the loss of ATP funding.

Project Partnering Agency:

The "Project Partnering Agency" is defined as an agency, other than Implementing Agency, that will assume the responsibilities for the ongoing operations and maintenance of the improved facility. The Implementing Agency must: 1) ensure the Partnering Agency agrees to assume responsibility for the ongoing operations and maintenance of the improved facility, 2) provide documentation of the agreement (e.g., letter of intent) as part of the project application, and 3) ensure a copy of the Memorandum of Understanding or Interagency Agreement between the parties is submitted with the first request for allocation. For these projects, the Project Partnering Agency's information shall be provided below.

Based on the definition above, does this project have a partnering agency?

Part A3: Project Type

PROJECT TYPE: (Use the drop down menu to select.) Plan

 Active Transportation Plan
 None

PROJECT SUB-TYPE (check all Project Sub-Types that apply):

- Bicycle Transportation** % of Project 0 %
 Pedestrian Transportation % of Project 0 %
 Safe Routes to School (*Also fill out Bicycle and Pedestrian Sub-Type information above*)

For a project to qualify for Safe Routes to School designation, the project must directly increase safety and convenience for public school students to walk and/or bike to school. Safe Routes to Schools infrastructure projects must be located within two miles of a public school or within the vicinity of a public school bus stop and the students must be the intended beneficiaries of the project. Other than traffic education and enforcement activities, non-infrastructure projects do not have a location restriction.

Projects with Safe Routes to School elements must fill out "School and Student Details" later in this application. As a condition of receiving funding, projects with Safe Routes to School Elements must commit to completing additional before and after student surveys as defined in the Caltrans Active Transportation Guidelines (LAPG Chapter 22).

Trails (Multi-use and Recreational): *(Also fill out Bicycle and Pedestrian Sub-Type information above)*

Trails Projects constructing multi-purpose trails are generally eligible in the Active Transportation Program. If the applicant believes all or part of their project meets the federal requirements of the Recreational Trails Program they are encouraged to seek a determination from the California Department of Parks and Recreation on the eligibility of their project to complete for this funding. This is optional but recommended because some trails projects may compete better under this funding program. See section 22.7 Recreational Trails Program (RTP) of the Caltrans ATP Chapter for Elements that are only eligible for funding with Recreational Trail Funds.

For all trails projects:

Do you feel a portion of your project is eligible for federal Recreational Trail funding? Yes No

If yes, estimate the total project costs that are eligible for the Recreational Trail funding: _____

If yes, estimate the % of the total project costs that serve "transportation" uses? _____

Applicants intending to pursue "Recreational Trails Program funding" **must submit** the required information to the California Department of Parks and Recreation prior to the ATP application submissions deadline. (See the Application Instructions for details)

**Recreational Trail funding can only fund work outside of the roadway Right-of-way.*

Part A4: Project Details

Indicate the project details included in the project/program/plan.

Right of Way (R/W) Impacts (Check all that apply)

- Project is 100% within the Implementing Agency's R/W and/or is within their control at the time of this application submittal. (This includes temporary construction easements)
- Project will likely require R/W in fee ownership, permanent easements and/or temporary construction easements from private owners and/ or will require utility relocations from utility companies outside that implementing agency's governmental control.

The federal R/W process involving private property acquisitions and/or private utility relocations can often take 18 to 24 months after environmental document approval. The project schedule in the application for R/W needs to reflect the necessary time to complete the federal R/W process.

What is the total number of private R/W parcels expected to be impacted? _____

What is the total number of utility companies expected to be impacted? _____

What is the total additional months needed (all project phases) for the expected R/W acquisitions and/or utility relocations? _____

Has the project schedule been developed to account for this time? _____

- Project will likely encroach into Caltrans R/W requiring easements, encroachment permits and/or other approvals.

Is Caltrans the "Implementing Agency"? _____

**See the application instructions for more details on the required coordination, documentation and approval from Caltrans.*

The applicant must attach the approved and signed Caltrans Checklist for ATP projects impacting Caltrans R/W.

The following project details must match the information shown in the approved Caltrans Checklist attached above:

What % of the project (by area) is within Caltrans R/W? _____

What % of the project (by total project cost) is within Caltrans R/W? _____

What is the total cost (all project phases) of all the project elements within Caltrans R/W? _____

What level of Caltrans project development oversight has been determined to be needed by Caltrans? _____

Is the project expected to be tracked by Caltrans as a "Local Assistance" or "Capital" project? _____

What is the total additional months needed (all project phases) for Caltrans to complete its required oversight responsibilities? _____

Has the project schedule been developed to account for this time? _____

- Project will likely require R/W, Easements, encroachment and/or approval involving Governmental (excluding Caltrans - as Caltrans impacts are documented above), Environmental, or Railroad owner's property.

**See the application instructions for more details on the required coordination and documentation from these agencies.*

Attach a letter of support or neutrality from each separate agency. Combine all letters in one pdf attachment.

The following information should be based on specific prior coordination and agreement between the agencies:

What is the total additional months needed (all project phases) for all of these agencies to complete their required oversight responsibilities and to complete any required actions that are necessary based on the expected R/W impacts? _____

Has the project schedule been developed to account for this time? _____

Part A5: Project Schedule

- NOTES: 1) Per CTC Guidelines, all project applications must be submitted with the expectation of receiving federal funding and therefore the schedule below must account for the extra time needed for federal project delivery requirements and approvals, including a NEPA environmental clearance and for each CTC allocation there must also be a Notice to Proceed with Federally Reimbursable work.
- 2) Prior to estimating the durations of the project delivery tasks (below), applicants are highly encouraged to review the appropriate chapters of the Local Assistance Procedures Manual and work closely with District Local Assistance Staff.
- 3) The proposed CTC Allocation dates must be between July 1, 2019 and June 30, 2023 to be consistent with the available ATP funds for Cycle 4.

NON-INFRASTRUCTURE (NI) AND "PLAN" PROJECTS: *(This includes combined "I" and "NI" projects)*

Will ATP funds be used in this phase of the project? Yes No

Expected Start Date for "NI" or "Plan" Construction activities:

Time to complete the CON-Phase activities:

Expected Completion Date for the CON Phase:

Proposed Dates for "Before" and "After" Counts *(As required by the CTC and Caltrans guidelines):*

Expected Date for "Before" counts (Ideally, within 12 months of the beginning of the Construction Activities)

Expected Date for "After" counts (Ideally, at least 6 months after the end of all Construction Activities)

** Applicants must ensure that the "Total Non-ATP Funding" values show in this table match the overall Non-ATP Funding values they enter into Page 2 of the PPR (later in this form)

ATP FUNDING TYPE REQUESTED:

Per the CTC Guidelines, all ATP projects must be eligible to receive federal funding. Most ATP projects will receive federal funding; however, it is the intent of the Commission to consolidate the allocation of federal funds to as few projects as practicable. Therefore, the smallest projects may be granted State Funding from the State Highway Account (SHA) for all or part of the project. Agencies with projects under \$1M, especially ones being implemented by agencies who are not familiar with the federal funding process, are encouraged to request State funding.

Do you believe your project warrants receiving state-only funding? Yes No

If "Yes", provide a brief explanation. (Max of 50 Words)

Words Remaining:

If "Yes", applicants requesting SHA must also attach an ["Exhibit 22-F"](#)

ATP PROJECT PROGRAMMING REQUEST (PPR):

Using the Project Schedule, Project Funding, and General Project information provided, this electronic form has automatically prepared the following PPR pages. Applicants must review the information in the PPR to confirm it matches their expectations.

1. Demonstrated fiscal needs of the applicant:

- Is all or part of the project currently (or has it ever been) formally programmed in an RTPA, MPO and/or Caltrans funding program? Yes No

If "Yes", explain why the project is not considered "fully funded". (Max of 200 Words)

Words Remaining:

- Are any elements of the proposed project directly or indirectly related to the intended improvements of a past or future development or capital improvement project? Yes No

If "Yes", explain why the other project cannot fund the proposed project. (Max of 200 Words)

Words Remaining:

- Are adjacent properties undeveloped or under-developed where standard "conditions of development" could be placed on future adjacent redevelopment to construct the proposed project improvements? Yes No

If "Yes", explain why the development cannot fund the proposed project. (Max of 200 Words)

Words Remaining:

2. Consistency with an adopted regional transportation plan:

- Is the project consistent with the relevant adopted regional transportation plan that has been developed and updated pursuant to Government Code Section 65080? Yes No

If "Yes", the applicant must provide that portion of Regional Transportation Plan showing that the proposed project is consistent. Attach a copy of ONLY the following elements of the plan: cover page and pages linking the proposed project to the plan. Highlighted and/or mark the attachment to clearly identify the connection.

Note: Projects not providing proof will be disqualified and not be evaluated.

If "No", document why the project should still be considered as being "consistent with the Regional Plan".
