INSTRUCTIONS FOR FIELD REVIEW FORM

The Applicant shall complete the Field Review Form in accordance with Chapter 7, “Field Review” of this manual. The District Local Assistance Engineer (DLAE) should be consulted for clarification. If Caltrans or other interested parties are to be involved in meetings, to assist in completion, the applicant should fill out the form as completely as possible prior to any meeting(s). The form must be completely filled out prior to submission of the PES Form.

Item 1. PROJECT LIMITS
Briefly describe the physical limits or nature of project. Attach a list, as needed, for multiple or various locations. Indicate length of project to nearest one-tenth of mile. Use 0.1, if a spot location. Include additional sheets, if needed, to clearly define the project location or scope of work.

Item 2. WORK DESCRIPTION
Briefly describe major components of the proposed work, e.g., signals, bridge replacement, ridesharing, pedestrian features, etc.

Item 3. PROGRAMMING DATA
All federal-aid funded projects (except Emergency Relief unless additional capacity is being added) are required to be included in a Regional Transportation Plan and the most current FHWA/FTA approved FSTIP. If project is within an MPO area, indicate the MPO or RTPA’s FTIP\(^1\) that includes the project and the fiscal years of the FTIP. Also list the page of the FTIP or Amendment Project Planning Number (PPNO), if available and the FHWA/FTA approval date. For non-MPO areas include the same information from FSTIP.

Indicate the federal funds and phases listed in the FTIP/FSTIP. For CMAQ projects name the Air Basin.

Item 4. FUNCTIONAL CLASSIFICATION
For a roadway project, check appropriate functional classification category. See the discussions of specific fund programs in the Local Assistance Program Guidelines (LAPG) for system eligibility. Indicate N/A for projects not related to a specific road or street system.

Item 5. STEWARDSHIP CATEGORY
For roadway projects, indicate if project is on the National Highway System (NHS), and whether project is FHWA Delegated or High Profile per Stewardship Agreement. With some exceptions, projects on the State Highway System are subject to Caltrans Oversight, and High Profile projects are subject to FHWA oversight; otherwise, the project is subject to DLAE oversight. Refer to Chapter 2 of this manual.

Item 6. CALTRANS ENCROACHMENT PERMIT REQUIRED
An encroachment permit is required for projects encroaching within the state highway right of way. The applicant should contact the District Permit Officer early in the process.

\(^1\) The FTIP must be incorporated into an FHWA approved FSTIP.
EXHIBIT 7-A  Local Assistance Procedures Manual
Instructions for Field Review Form

Item 7.  COST BREAKDOWN ESTIMATE

List estimated breakdown of all project phases and indicate phases for which federal participation will be requested. Include all known costs, but include each cost in only one group. Check whether “Value Engineering Analysis” is required for this project. (For structures-related projects financed with Highway Bridge Program [HBP] funds, the current HBP operating procedures limit preliminary engineering costs including environmental costs to twenty-five (25%) percent of the total construction cost. Any exceptions must be approved in writing by the HBP program manager.)

Item 8.  PROPOSED FUNDING

Fill in total cost of federal-funded project, type, and amount of federal-aid funds, i.e. STP, CMAQ, etc., and the matching-fund breakdown.

If state funds are involved, indicate source such as STIP.

Item 9.  PROJECT ADMINISTRATION

Indicate name of agency that will be responsible for administering each project phase. Also indicate the use of a consultant for any phase. Indicate if Caltrans’ review of PS&E will be requested. If Yes, begin discussions with DLAE on availability of staff. All PS&E documents to be reviewed must be in Caltrans format.

Item 10.  SCHEDULES

The local agency should indicate their proposed advertisement date. This will give the involved parties a date for scheduling. However, the discussion of requirements and time frames may require adjustment of the advertisement date. Critical dates in the schedule should be noted in the remarks.

ITEM 11.  PROJECT MANAGER’S CONCURRENCE

The local agency project manager shall sign and date the field review form to signify agreement on the parameters proposed for development of the project. The DLAE and FHWA representative shall sign the document when attending field reviews. This document is then a guidance reference for further development of the project to assure that it adheres to the programmed concept, or that any changes is approved by the manager (and/or DLAE and FHWA, if appropriate).

Item 12.  LIST OF ATTACHMENTS

The first two items are appropriate for all reviews. Others to be added depend on the type of project. For required field reviews, all applicable attachments must be submitted. For optional field reviews, see the “[ ]” notations for attachments required for specific types of projects. All existing federal, state, or local Americans with Disabilities Act (ADA) deficiencies, if not identified on other Attachments, should be listed here

Note: The Federal Damage Assessment Form (DAF) shall be used as the field review document for Emergency Relief projects.
