RE: Disabled Veterans Business Enterprise (DVBE) 1006547

Dear Mr. Reyes:

This letter is regarding the review conducted by the Department of Transportation (Caltrans) Contract Evaluation Unit (CEU) staff on February 29, 2012. Caltrans has taken the initiative to ensure all certified DVBE firms that bid on or perform on Caltrans' State funded projects are performing a commercial useful function (CUF). After careful evaluation of the information and documentation obtained as a result of the review, pursuant to Military & Veterans Code §999(b)(5)(B) (i) and (ii), your firm is deemed to perform a CUF when providing the following types of services on Caltrans projects:

Classification Number	Description
432226	Network service equipment
801016	Project management
801615	Management support services
811115	Software or hardware engineering
811116	Computer programmers
811117	Management information systems MIS
811118	System and system component administration services
811119	Information retrieval systems
811120	Data services
811121	Internet services
811122	Software maintenance and support
811123	Computer hardware maintenance and support
811615	Access management services
811617	Telecommunication Services
811015	Civil engineering
811017	Electrical engineering
811024	Electrical power transmission engineering

Since we have determined your firm is providing a CUF for the specified classifications listed in the table above, the DVBE credit can ONLY be granted to the afore mentioned classifications and counted towards DVBE goals for Caltrans State funded contracts. For the remaining services listed on your DVBE certification, no documentation or evidence has been provided to demonstrate that you perform, manage or supervise the work involved.
