RE: Disabled Veterans Business Enterprise (DVBE) 1247520

Dear Mr. Entezar:

This letter is regarding the review conducted by the Department of Transportation (Caltrans) Contract Evaluation Unit (CEU) staff on March 1, 2012. Caltrans has taken the initiative to ensure all certified DVBE firms that bid on or perform on Caltrans' State funded projects are performing a commercial useful function (CUF). After careful evaluation of the information and documentation obtained as a result of the review, pursuant to Military & Veterans Code §999(b)(5)(B) (i) and (ii), your firm is deemed to perform a CUF when providing the following types of services on Caltrans projects:

Classification Number	Description
302220	Transport structures
302221	Public structures
302231	Public building and transit station advertising structures and components
721015	Building maintenance and repair services
721214	Specialized public building construction services
721411	Infrastructure building and surfacing and paving services
721415	Land preparation services
721519	Masonry and stonework services
721521	Acoustical and insulation services
721523	Carpentry services
721529	Structural steel erection services
721532	Coating and caulking and weather water and fireproofing services
721539	Building site preparation services
721540	Specialty building and trades services

Since we have determined your firm is providing a CUF for the specified classifications listed in the table above, the DVBE credit can ONLY be granted to the afore mentioned classifications and counted towards DVBE goals for Caltrans State funded contracts. For the remaining services listed on your DVBE certification, no documentation or evidence has been provided to demonstrate that you perform, manage or supervise the work involved.

You may review your firm's information on the Department of General Services (DGS) website at <http://www.bidsync.com/DPXBisCASB>. It is your responsibility to maintain correct information regarding your firm's name, address, phone/fax number, and e-mail address on the DGS website.
