RE: Disabled Veterans Business Enterprise (DVBE) #1390180

Dear Mr. Conrad:

This letter is regarding the review conducted by the Department of Transportation (Caltrans) Contract Evaluation Unit (CEU) staff on March 12, 2012. Caltrans has taken the initiative to ensure all certified DVBE firms that bid on or perform on Caltrans' State funded projects are performing a commercial useful function (CUF). After careful evaluation of the information and documentation obtained as a result of the review, pursuant to Military & Veterans Code §999(b)(5)(B) (i) and (ii), your firm is deemed to perform a CUF when providing the following types of services on Caltrans projects:

Classification Number	Description
721210	New Industrial building and warehouse construction services
721211	Commercial and office building construction services
721410	Highway & Road Construction Services
721411	Infrastructure building and surfacing and paving services
721539	Building site preparation services
721540	Specialty building and trade services
771017	Environmental advisory services
781416	Inspection
801016	Project Management

For the remaining services listed on your DVBE certification, if any, no documentation or evidence has been provided to demonstrate that you perform, manage or supervise the work involved. Your role therefore is deemed to be that of an extra participant in Caltrans' contracting process. Therefore, your firm's DVBE participation may not be counted towards a DVBE goal.

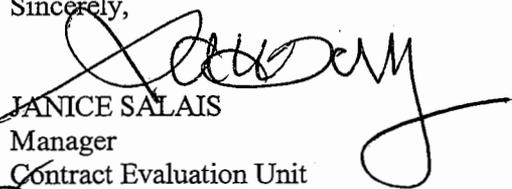

You may review your firm's information on the Department of General Services (DGS) website at <http://www.bidsync.com/DPXBisCASB>. It is your responsibility to maintain correct information regarding your firm's name, address, phone/fax number, and e-mail address on the DGS website.

Caltrans CEU is amiable to re-visit your firm to determine if work classifications and updated information reflect actual practices.

Mr. Mike Conrad
